

The St. Catharines - Thorold Chamber of Commerce offers a **Member to Member (M2M) Discount Program** to our chamber members and their employees.

What's in it for you? This is a **FREE** value added service to all members. It's designed to promote a "shop chamber member" culture and boost your sales.

How does it work? The chamber website provides the information for each company's "special chamber discount." There is a link from your listing to the **M2M Discount Program** page listed under the resources link. There is no additional cost to you (other than your discount offer) to post this on the web site. However, it will be up to you to monitor whether or not the person using the discount is a chamber member, or to track the usage of your discounts. **You may update or change the discount offer free of charge once a year.** If you need to update more frequently, there will be an administrative charge of \$25 per update.

What we need! Please send us a short message (50 words or less) on what discount you are offering to chamber members, we will do the rest. Shortly after you send us your discount information, you will be able to find it under the link Resources, **M2M Discount Program**, and then an alpha-list that you would click on (using the first letter of your business name). It will display all businesses offering a discount whose name start with that letter.

Get your Member to Member discount listed now!
