

Delaney Pest Control

Hi neighbour!

Just a friendly note to let you know that we have established, this year, our Ecco-friendly approach to pest control.

My name is Todd Delaney at Delaney Pest Control, I am available to address your pest control needs.

I'm licensed by the ministry of environment and have been in the business for over 25 years, acquiring my experience through my father's company, formerly Niagara Pest Control in the St. Catharines area.

We want to extend our welcome, to call us at your convenience, for an assessment of your property or to answer your latest pest issue. Free no obligation quote.

As a service to the community, we have been doing insect presentations to groups of kids and interested adults at various schools and provincial parks. If you are interested in this info please call to book an appointment, kids love it and it's a great party for any event.

We look forward to establishing a long and mutual regard for the protection and safety for you and the environment.

You can reach us at:
